STAT

Dear Debbie,

As you complete your summer assignment with this office we want to express our appreciation for the contribution you made. The services you provided the Near East/Asia Division were varied and valuable, and helped to facilitate the activities of several components of that division. This is attributable in no small part to your willingness and ability to respond to the many requests made of you.

We hope you too have found this experience beneficial and rewarding and that in some way it will be applicable to your future endeavors. In the meantime, we wish you success in your academic pursuits.

Sincerely,

STAT

Deputy Director, FBIS
